

Dr Ousmane Sawadogo is holder of a Master's degree in Physics obtained in Burkina Faso, his home country. He also obtained a Postgraduate diploma in mathematical sciences issued by the University of Cape Town. Dr Sawadogo pursued his study in civil engineering at the University of Stellenbosch where he obtained his Master's degree in Engineering Sciences and later on he completed his PhD in 2015 before embarking on a one year post-doc research in the same University. Dr O Sawadogo has more than 7 years' experience mainly in hydrodynamic mathematical modelling and sediment transport modelling and has been involved in many projects. Dr Sawadogo also has a good conference attendance record. Since January 2016 Dr Sawadogo is appointed as hydraulic modelling researcher at the Institute for Water and Environmental Engineering (IWEESU), Department of Civil Engineering, University of Stellenbosch, South Africa.
